

**Target number:** 12.1

**Indicator Number and Name:** 12.1.1 Number of countries with sustainable consumption and production (SCP) national action plans or SCP mainstreamed as a priority or target into national policies

PROPOSED REWORDING FOR 2019 review: Indicator 12.1.1: Number of countries developing, adopting, or implementing policy instruments aimed at supporting the shift to Sustainable Consumption and Production.

**Agency:** UN Environment

**Has work for the development of this indicator begun?**

Yes. A final methodology has been agreed by the 10YFP Monitoring and Evaluation working group. This indicator is also a component of the 10 Year Framework of Programmes on Sustainable Consumption and Production and reporting will occur through the 10YFP programme.

**Who are the entities, including national and international experts, directly involved and consulted in developing the methodology/and or data collection tools?**

- 1) UN Environment, including the through the 10YFP secretariat (contact people: Charles Arden-Clarke, Charles.arden-clarke@unep.org; Cecilia Lopez y Royo, Cecilia.lopezyroyo@unep.org; Luc Reuter, luc.reuter@unep.org; Jillian Campbell jillian.campbell@unep.org)
- 2) 10YFP M&E task force members

**What is the involvement of or how do you plan to involve National Statistical Systems in the development of the methodology?**

Yes the methodology and survey for data collection was circulated to all NSOs in September 2017.

**Please briefly describe the process of developing the methodology for the indicator**

The methodology was developed by the 30 members of the 10YFP Monitoring and Evaluation working group and has been approved by the group as the official methodology for measuring the indicator in the context of the 10YFP. To avoid duplication, the SDG indicator will be fully aligned with the 10YFP indicator.

**Please indicate new international standards that will need to be proposed and approved by an intergovernmental process (such as UNSC) for this methodology.**

N/A

**When do you expect the methodological work on this indicator to be completed?**

By December 2017

**Are data and metadata already being collected from the National Statistical System for one or more components of this indicator?**

NSOs are copied on the data collection instrument as they may play a role in supporting other parts of Government in ensuring the questionnaire is completed.

**If yes, please describe:**

**How do you plan to collect the data?**

Questionnaire to country

**If the indicator involves multiple components from different data sources, please describe how each individual component of the indicator will be collected here.**

All individual components should be collected at the same source, ie focal points in charge of SCP policy implementation.

**With what frequency is data expected to be collected?**

This will vary depending on requirements of the 10YFP. It is envisioned to be every 2 years.

**Is there a process of data validation by countries in place or planned for this indicator?**

Yes

**If yes, please briefly describe:**

The data is directly from countries.
